1.0 Audience

This document is intended as a complete guide for using OrangeHRM 3.0. This document is specially designed for non-specialists; specialists may find the document a useful point of reference. By reading this guide, you will learn how to use OrangeHRM through the elements of the graphical user interface and what's behind some of the advanced features that are not always obvious at first sight. It will hopefully guide you around some common problems that frequently appear for users of OrangeHRM.

2.0 Supported Environment

2.1 Minimum Hardware Requirements

- Processor - Intel x86 Architecture 3GHz processor or equivalent
- RAM - 2 GB RAM
- Hard Disk - 40GB

***Note:** This configuration will support up to 100 users. If you have more users, this configuration may not be sufficient. Please contact support@orangehrm.com to get the optimized hardware requirements.

2.2 Software Requirements

- Operating System - Windows XP, Windows 7, Windows Server 2003, Windows Server 2008, Linux distributions such as Ubuntu, Fedora, Redhat.
- Apache Version - Apache 2.2
- MySQL Version - 5.1.36
- PHP Version - 5.3.5, 5.2.10-2Ubuntu6.4
- Browser - Internet Explorer 8, Firefox, Google Chrome, Safari
- ***Note:** JavaScript should be enabled in all the browsers
- Web Server Packages - XAMPP, WAMPP, LAMPP

***Note:** If PHP, MySQL & Apache are manually configured, web server packages are not required.

3.0 Installing OrangeHRM

Step 1: Install the environment for OrangeHRM

Install the environment for OrangeHRM (Apache, MySQL and PHP) using XAMPP/WAMPP.
Download XAMPP for Windows at, <http://www.apachefriends.org/en/xampp-windows.html>

OR

Download WAMPP (recommended version - 2.0 and above) for Windows at
<http://www.wampserver.com/en/download.php>.

***Note:** Alternatively you may download orangehrm one self-extracting installer for windows. This package automatically installs Apache, MySQL and PHP utilities which are required to run OrangeHRM.

Step 2: Download OrangeHRM

Please visit: <http://www.orangehrm.com/download.php> to download OrangeHRM Self-extracting Installer.

Provided that both Apache and MySQL are running, you can access OrangeHRM via your web browser.

Step 3: Installation Process

Once the download is complete, go to the destination folder where OrangeHRM was downloaded in your PC.

Copy the OrangeHRM folder & paste the OrangeHRM folder in the **htdocs** folder (**My Computer>>Local Disk (*)>>xampp>>htdocs**).

If you have installed **WAMPP**, paste the OrangeHRM folder in the **www** folder.

Note:** If you are a **Linux** user, first change the file permission of OrangeHRM. Open the terminal (console) and navigate to your orangehrm directory (which is in the www folder or htdocs folder) and run the below command: ***sudo chmod -R 777 <orangehrm>

```
www$ sudo chmod -R 777 orangehrm
```

Copy and paste the name of the OrangeHRM version that you have downloaded in the following URL:

<http://localhost/orangehrm>

OR

Type the IP address of your PC instead of the localhost.

Click **"Next"** to begin the OrangeHRM installation.

Step 4: Click **"I accept"** to agree and proceed with the installation.

Configure your database by entering a preferred Database Host Name. (All the data that is populated into the system later will be stored under this Database Host Name).

Step 2: Database Configuration

Please enter your database configuration information below. If you are unsure of what to fill in, we suggest that you use the default values.

Database Configuration

Database to Use	New Database
Database Host Name	localhost
Database Host Port	3306
Database Name	orangehrm_mysql
Privileged Database Username	root
Privileged Database User Password	
Use the same Database User for OrangeHRM	☒
OrangeHRM Database Username	orangehrm
OrangeHRM Database User Password	
Enable Data Encryption	☒

Back Next

Select the two checkboxes based on your requirements. Click **"Next"** to proceed.

The System will check for minimum system requirements to install OrangeHRM in your PC. Once the system check is complete, click **"Next"**.

Welcome License Database Configuration **System Check** Admin User Creation Confirmation Installing Regi

Step 3: System Check

In order for your OrangeHRM installation to function properly, please ensure that all of the system check items listed below are green. If any are red, please take the necessary steps to fix them.

Component	Status
PHP version	OK (ver 5.3.5)
MySQL Client	ver 4.1.x or later recommended (reported ver mysqlnd 5.0.7-dev - 091210 - \$Revision: 304625 \$)
MySQL Server	OK (ver 5.5.8)
MySQL InnoDB Support	Default
Write Permissions for "lib/configs"	OK
Write Permissions for "lib/logs"	OK
Write Permissions for "symfony/apps/orangehrm/config"	OK
Write Permissions for "symfony/cache"	OK
Write Permissions for "symfony/log"	OK
Maximum Session Idle Time before Timeout	OK
Register Globals turned-off	OK
Memory allocated for PHP script	OK
Web server allows .htaccess files	OK

Once the installation is complete, click **"Next"**.

Once you have successfully installed OrangeHRM, register yourself to receive additional support and services from OrangeHRM.

Step 3: Login to the OrangeHRM System

Login to the OrangeHRM system by using the Administrator account that you created during the installation process.

4.0 The System

Log-in to the OrangeHRM System using the Administrator account that you created.

Figure 1.0: Login Panel

5.0 Admin Module

The Admin Module provides you with full control of all settings that affect the action of your OrangeHRM implementation. Through the Admin Module, you can:

- Define the company hierarchy, pay grades, work shifts, projects, memberships, qualifications etc.
- Add other administrators, and set access levels for each user
- Handle security issues
- Configure email notifications
- Configure language localization and date format that will be reflected throughout the whole system.
- Enable/Disable Module display

The Admin Module is the central control of the system and setting it up accurately is important for smooth operation.

Figure 1.1: Admin Module

The Admin Module consists of:

User Management: Add multiple HR Admins who will control the system, create logins for general users through ESS Users.

Job: Allows the HR admin to define job titles, specifications, pay grades, employment status, job categories and work shifts.

Organization: Allows the HR admin to enter/store general company info, structure of the organization and locations of sites.

Qualifications: Define various skills set, education background, license types, languages and memberships.

Nationalities: Define different nationalities

Configuration: Configure all email notifications, language localization and enable/disable module display.

5.1 User Management

This feature allows the HR Admin to administer users by creating logins and defining privileges by assigning User Types (Admin or ESS).

To add a system user, go to **Admin>> User Management>> Users** and click “Add”, a screen as shown in Figure 1.2 would appear.

Click “Save” once the fields are added.

***Note:** An employee list needs to be created first under the PIM Module to create user logins. Alternatively, a user login could be created when adding employees under the PIM Module (*refer to Chapter 6.3.*)

To create a user login the following needs to be entered:

- **User Role:** You can assign user roles for each user whether they would fall under as an “Admin” or “ESS” user type to define their user rights.
 - **Admin:** have access full access to the system.
 - **ESS:** limited access to the system. It could be an ESS-Supervisor or ESS-Employee.
 1. **ESS-Supervisor:** where the user has access to his/her particulars and his/her subordinates’ particulars.
 2. **ESS-Employee:** where the user has access only to his/her particulars.
- **Employee Name**
 - *If an HR Admin is an existing employee, he/she needs to be defined in the PIM Module
- **Username**
- **Status** – Enabled or disabled
- **Password**
- **Confirm Password** (Re-enter the password)

Figure 1.2: Add User

A list of user logins as shown in Figure 1.3 would appear once an entry is added. You may also add multiple entries of user logins. The default system user available will be Admin and has full access to the system.

***Note:** System User Logins need to be communicated manually to employees.

The screenshot shows the 'System Users' management interface. At the top, there is a search bar with filters for Username, User Role (set to 'All'), Employee Name (with a hint 'Type for hints...'), and Status (set to 'All'). Below the search bar are 'Search' and 'Reset' buttons. Further down are 'Add' and 'Delete' buttons. The main area contains a table with the following data:

☐	Username	User Role	Employee Name	Status
☐	admin	Admin		Enabled
☐	jsmith	ESS	John Smith	Enabled
☐	kryan	ESS	Kevin Ryan	Enabled

Figure 1.3: System Users List

To delete a system user, click on the check box next to the “Username”. It is also possible to delete multiple entries at the same time by clicking the check box entries you wish to delete and simply clicking “Delete”.

5.2 Job

All job related information can be defined in this feature. The sub menu consists of the following items:

- Job Titles
- Pay Grades
- Employment Status
- Job Categories
- Work Shifts

Job Titles

The job titles specific to the company can be defined in this option. To add an entry, go to **Admin>> Job>> Job Titles** and click “Add”. A screen as shown in Figure 1.4 would appear.

Click “Save” once the fields are added.

The 'Add Job Title' form contains the following fields and controls:

- Job Title ***: A required text input field.
- Job Description**: A large text area for describing the job.
- Job Specification**: A text input field with a 'Browse...' button next to it. Below the field, it says 'Accepts up to 1MB'.
- Note**: A large text area for additional notes.
- * Required field**: A small text label indicating which field is mandatory.
- Save** and **Cancel**: Two buttons at the bottom of the form.

Figure 1.4: Add Job Title

A list of job title(s) will appear as shown in Figure 1.5. You may also enter multiple job titles. You may view Job Title details by clicking on the name of the “Job Title”.

Job Titles	
Add Delete	
☐ Job Title	Job Description
☐ Accountant	
☐ Audit Trainee	
☐ Cheif Executive Office	Chief Operating Office. The leader and head of the organization
☐ Controller	
☐ Finance Manager	Company budgets and expenditures

Figure 1.5: Job Title List

To delete a Job Title click on the check box next to the Job Title name. It is also possible to delete multiple entries at the same time by clicking the check box entries you wish to delete and simply clicking “Delete”.

Pay Grade

The HR Admin can define the pay grade by setting a minimum salary, maximum salary, step increase, and the currency to be paid in. To add an entry, go to **Admin>>Job>> Pay Grades** and click “Add” and a screen as shown in Figure 1.6 would appear.

Click “Save” once the field is added.

Add Pay Grade

Name *

* Required field

Figure 1.6: Add Pay Grade

Once you click “Save” the screen in Figure 1.7 would appear and you can now define the currency and the minimum/maximum salary for each pay grade created. You can define the pay grade by clicking “Add” under “Assigned Currencies” and then providing the pay details under “Add Currency”. Click “Save” to save the currency for the Pay Grade.

Figure 1.8: Pay Grade- Currency List

You can edit details of a particular currency by clicking on the “Currency” name.

All pay grades added will be listed as shown in figure in 1.9. To view Pay Grade details click on “Pay Grade name.

Pay Grades		
Add Delete		
☐	Pay Grade	Currency
☐	Level 1	United States Dollar,Utd. Arab Emir. Dirham
☐	Level 2	United States Dollar

Figure 1.9: Pay Grades List

To delete a Pay Grade click on the check box next to the “Pay Grade” name. It is also possible to delete multiple entries at the same time by clicking the check box entries you wish to delete and simply clicking “Delete”.

Employment Status

Employment Status allows you to define the status of employment employees are hired for or if they are terminated. To add an entry, go to **Admin>> Job>> Employment Status** and click “Add” and a screen as shown in Figure 2.0 would appear.

Click “Save” once the field is added.

The form is titled "Add Employment Status". It contains a single text input field labeled "Name *" with the text "Regular Contract" entered. Below the input field, there is a small red asterisk and the text "* Required field". At the bottom of the form, there are two buttons: a green "Save" button and a grey "Cancel" button.

Figure 2.0: Add Employment Status

A list of Employment Status as shown in Figure 2.1 would appear once an Employment Status is added. To edit an employment status, click on the "Employment Status" name.

The list is titled "Employment Status". It features two buttons at the top: a green "Add" button and a red "Delete" button. Below these buttons is a table with seven rows. Each row has a checkbox on the left and a text label on the right. The first row is highlighted in orange and contains a checked checkbox and the text "Employment Status". The other six rows have unchecked checkboxes and the following text labels: "Freelance", "Full time Contract", "Full-Time Permernent", "Full-Time Probation", "Part-Time Contract", and "Part-Time Internship".

Figure 2.1: Employment Status List

To delete an Employment Status click on the check box next to the "Employment Status" name. It is also possible to delete multiple entries at the same time by clicking the check box entries you wish to delete and simply clicking "Delete".

Job Categories

This feature allows the HR Admin to create job categories specific to the company to aggregate job classifications.

To add an entry, go to **Admin>> Job>> Job Categories** and click on "Add" and a screen as shown in Figure 2.2 would appear.

Click “Save” once the field is added.

The form is titled "Add Job Category". It contains a single text input field labeled "Name *" with the value "Director/CEO". Below the input field, there is a small red asterisk and the text "* Required field". At the bottom of the form, there are two buttons: a green "Save" button and a grey "Cancel" button.

Figure 2.2: Add Job Category

A list of Job Category as shown in Figure 2.3 would appear once a “Job Category” is added. To view Job Category details, click on “Job Category” name. You may also add multiple entries of Job Categories.

The form is titled "Job Categories". It contains two buttons: a green "Add" button and a red "Delete" button. Below the buttons, there is a list of job categories. Each entry consists of a checkbox and a text label. The first entry, "Job Category", is highlighted in orange. The other entries are "Craft Workers", "Director / CEO", "Laborers and Helpers", "Office and Clerical Workers", and "Officials and Managers".

Figure 2.3: Job Category List

To delete a Job Category click on the check box next to the “Job Category” name. It is also possible to delete multiple entries at the same time by clicking the check box entries you wish to delete and simply clicking “Delete”.

Work Shifts

In this feature the HR Admin can define work shifts for an individual or a group of employees. To add an entry, go to **Admin>> Job>> Work Shifts** and click “Add” and a screen as shown in Figure 2.4 would appear.

Click “Save” once the fields are added.

You may assign employees to the particular shift by selecting the employee’s name from the “Available Employees” box and “Add” him/her to the “Assigned Employees” box.

***Note:** An Employee list needs to be created first under the PIM Module before assigning employees to a particular work shift.

The 'Add Work Shift' form contains the following fields and elements:

- Shift Name ***: Text input field with the value 'Day Shift'.
- Hours Per Day ***: Text input field with the value '9'.
- Available Employees**: A list box containing the following names: Peter Anderson, Jennifer Brown, Russel Hamilton, Kevin Mathews, Anthony Nolan, Ryan Parker, Harshani Silva, and Nick Silverstone.
- Assigned Employees**: A list box containing the name Mark Boucher.
- Buttons**: 'Add >>' and 'Remove <<' buttons between the employee lists.
- Footer**: A legend for '* Required field' and 'Save' and 'Cancel' buttons.

Figure 2.4: Add Work Shift

A list of work shifts as shown in Figure 2.5 would appear once a “Work Shift” is added. To view Work Shift details, click on “Work Shift” name. You may also add multiple entries of work shifts.

Work Shifts		
Add Delete		
☐	Shift Name	Hours Per Day
☐	Night Shift US	9.00
☐	Day Shift US	9.00

Figure 2.5: Work Shifts List

To delete a work shift click on the check box next to the “Work Shift” name. It is also possible to delete multiple entries at the same time by clicking the check box entries you wish to delete and simply clicking “Delete”.

5.3 Organization

All information about the organization, the structure and locations are defined here.

General Information

Basic details of the company can be entered on this screen. To start adding information, go to **Admin>> Organization>> General Information** and click “Edit”.

Click “Save” once fields are entered as shown in Figure 2.6.

General Information	
Organization Name *	American Company (Pvt) Ltd
Tax ID	BS753145

Registration Number	A23456
Phone	202-0172112345
Fax	08145788888
Email	sales_rep@benedicts.com
Address Street 1	9th Street, NW California, CA 10090
Address Street 2	
City	California
State/Province	
Zip/Postal Code	
Country	United States
Note	IT solutions and installations

* Required field

Save

Figure 2.6: General Information

Locations

Under Locations, the HR admin can add details of sites and branches of the company. You are also able to track the number of employees working for a particular location once employees are tagged to the locations when building up the PIM Module.

To add a location go to **Admin>>Organization>>Location** and click “Add” and the screen as shown in Figure 2.7 would appear.

Click “Save” once the fields are added.

The form contains the following fields:

- Name *
- Country * (dropdown menu with "-- Select --")
- State/Province
- City
- Address
- Zip/Postal Code
- Phone
- Fax
- Notes

At the bottom, there are "Save" and "Cancel" buttons. A legend indicates that an asterisk (*) denotes a required field.

Figure 2.7: Add Location

Once a location is added, it will be listed as shown in Figure 2.8. You may also enter multiple locations. You may view location details by clicking on “Location Name”.

Add Delete					
☐	Name	City	Country	Phone	Number of Employees
☐	HQ	California	United States	23156234757	10
☐	London	London	United Kingdom	442011134545	0

Figure 2.8: Location List

To delete a location click on the check box next to the location name. It is also possible to delete multiple entries at the same time by clicking the check box entries you wish to delete and simply clicking “Delete”.

Structure

This feature allows the admin to define the hierarchy of the company by defining sub units. Since the parent company is already defined in the General Information, it would automatically appear in the Company Structure screen.

***Note:** You need to define the company name of the parent company before you create the Company Structure.

To add a sub- unit to the company structure, go to **Admin>> Organization>> Structure** and click on [+] as shown in Figure 2.9 and the screen shown in Figure 3.0 would appear.

Figure 2.9: Add Sub-Unit

 A screenshot of the 'OrangeHRM - Add Unit' dialog box. It contains the following fields:

- Unit Id: U002
- Name *: IT Division
- Description: (Empty text area)

 Below the fields, it states: 'This unit will be added under U001 : American Company (Pvt) Ltd'. At the bottom, there are 'Save' and 'Cancel' buttons. A legend indicates '* Required field'.

Figure 3.0: Sub-Unit Details

***Note:** Company Structure may be defined according to the company’s specifications and hierarchy. When entering the fields, you need to specify if the sub-unit is a Department, Division or Team.

Once you have entered the field, click “Save” and the Sub-Unit will appear as shown in Figure 3.1.

Figure 3.1: Sub-Unit Structure

You may also add further sub-units by clicking [+] option next to the relevant fields to indicate the hierarchy levels of the company and create a pyramidal structure of your organization as shown in Figure 3.2.

Figure 3.2: Company Structure Hierarchy

To delete an entry, you can simply click “[x]” next to the relevant sub units. Click “Done” below the screen to save the information. You can also collapse/expand the sub-units by clicking on the (-) and (+) on the right hand side of the sub-units to further view the company structure hierarchy.

5.4 Qualifications

This feature allows you to define all information with regards to employees’ qualifications. The sub-menu consists of:

- Skills
- Education
- Licenses
- Languages

Skills

You can define various sets of skills which can be later used on the PIM Module. To add an entry go to **Admin>> Qualifications>> Skills** and click “Add” and a screen as shown in Figure 3.3 would appear.

Click “Save” once the fields are added.

The 'Add Skill' form contains the following elements:

- Title:** Add Skill
- Name ***: A text input field with an asterisk indicating it is required.
- Description**: A larger text area for additional details.
- * Required field**: A small note below the input fields.
- Buttons**: 'Save' (green) and 'Cancel' (grey) buttons at the bottom.

Figure 3.3: Add Skill

A list of skill(s) as shown in Figure 3.4 would appear once a “Skill” is added. You may also add multiple entries of skills.

Skills		
Add Delete		
☐	Name	Description
☐	Adobe Software Suite	
☐	AutoCAD	
☐	Leadership	
☐	Marketing	
☐	Microsoft Visio	
☐	SEO	

Figure 3.4: Skills List

To delete a skill click on the check box next to the “skill” name. It is also possible to delete multiple entries at the same time by clicking the check box entries you wish to delete and simply clicking “Delete”.

Education

You can define various types of educational qualifications which can be later used in the PIM Module. To add an entry select **Admin>> Qualifications>> Education** and click “Add”, a screen as shown in Figure 3.5 would appear.

Click “Save” once the field is added.

The 'Add Education' form has a title bar 'Add Education'. Below it, there is a label 'Level *' followed by a text input field containing 'MBA'. A red asterisk and the text '* Required field' are positioned below the label. At the bottom of the form, there are two buttons: a green 'Save' button and a grey 'Cancel' button.

Figure 3.5: Add Education

A list of education as shown in Figure 3.6 would appear once an “Education” entry is added. You may also add multiple entries of skills.

The 'Education List' form has a title bar 'Education'. Below it, there are two buttons: a green 'Add' button and a red 'Delete' button. Below these buttons is a table with a header row and three data rows. The header row has a checkbox and the text 'Level'. The data rows have checkboxes and the text 'Bachelor of Information Technology', 'MBA', and 'MSc in Information Technology' respectively.

☐	Level
☐	Bachelor of Information Technology
☐	MBA
☐	MSc in Information Technology

Figure 3.6: Education List

To delete education type click on the check box next to the “Education” name. It is also possible to delete multiple entries at the same time by clicking the check box entries you wish to delete and simply clicking “Delete”.

Licenses

You can define various types of licenses which can be later used in the PIM Module. To add an entry go to **Admin>> Qualifications>> Licenses** and click “Add”, a screen as shown in Figure 3.7 would appear.

Click “Save” once the field is added.

The 'Add License' form has a title bar 'Add License'. Below it is a text input field labeled 'Name *' containing the text 'Certified Management Accountant (CMA)'. Below the input field is a small text label '* Required field'. At the bottom of the form are two buttons: a green 'Save' button and a grey 'Cancel' button.

Figure 3.7: Add License Type

A list of license type(s) as shown in Figure 3.8 would appear once a “License” type is added. You may also add multiple entries of licenses.

The 'Licenses' list has a title bar 'Licenses'. Below the title bar are two buttons: a green 'Add' button and a red 'Delete' button. Below the buttons is a table with four rows. The first row is the header with a checkbox and the text 'Name'. The second row has a checkbox and the text 'Certified Management Accountant (CMA)'. The third row has a checkbox and the text 'Oracle Certified Professional Java SE Programmer'. The fourth row has a checkbox and the text 'PMP Project Management Professional'.

Figure 3.8: Licenses List

To delete a license type click on the check box next to the “License” name. It is also possible to delete multiple entries at the same time by clicking the check box entries you wish to delete and simply clicking “Delete”.

Languages

Different types of languages that employees in your company speak can be defined here and can be used in The PIM Module later. To add an entry, go to **Admin>> Qualifications>>Languages** and click “Add”, a screen as shown in Figure 3.9 would appear.

Click “Save” once the field is added.

The 'Add Language' form features a title bar at the top. Below it, there is a 'Name' field with an asterisk indicating it is required. The text 'English' is entered into this field. A small note below the field states '* Required field'. At the bottom of the form, there are two buttons: a green 'Save' button and a grey 'Cancel' button.

Figure 3.9: Add Language

A list of languages as shown in Figure 4.0 would appear once a “Language” type is added. You may also add multiple entries of languages.

The 'Languages' list interface includes a title bar and two buttons: a green 'Add' button and a red 'Delete' button. Below these buttons is a table with four rows. The first row is a header with a checkbox and the text 'Name'. The subsequent three rows are data entries, each with a checkbox and the language name: 'English', 'French', and 'Spanish'. All language names are underlined, suggesting they are clickable links.

Figure 4.0: Language List

To delete language types click on the check box next to the “Language” name. It is also possible to delete multiple entries at the same time by clicking the check box entries you wish to delete and simply clicking “Delete”.

Memberships

This feature allows the HR Admin to define different membership details of the employees which can be later used in the PIM Module. To add a membership, go to **Admin>> Qualifications>> Membership** and click “Add”, a screen as shown in Figure 4.1 would appear.

Click “Save” once the field is added.

The form is titled "Add Membership". It contains a text input field labeled "Name *" with the value "Association of International Accountan". Below the input field, there is a note "* Required field". At the bottom of the form, there are two buttons: "Save" (green) and "Cancel" (grey).

Figure 4.1: Add Membership

A list of membership(s) as shown in Figure 4.2 would appear once a “Membership” is added. To view membership details, click on “Membership” name. You may also add multiple entries of memberships.

The interface is titled "Memberships". It features two buttons at the top: "Add" (green) and "Delete" (red). Below these buttons is a list of three items, each with a checkbox on the left:

- ☒ Membership
- ☐ [Association for Financial Professionals \(AFP\)](#)
- ☐ [Association of International Accountants \(AIA\)](#)

Figure 4.2: Memberships List

To delete a membership, click on the check box next to the “Membership” name. It is also possible to delete multiple entries at the same time by clicking the check box entries you wish to delete and simply clicking “Delete”.

5.5 Nationalities

This feature allows the HR Admin to define the different nationalities that present in the company which can later be used in the PIM Module. Various nationalities are already pre-defined.

To add a nationality, go to **Admin>> Nationalities** and click “Add”, a screen as shown in Figure 4.3 would appear.

Click “Save” once the field is added.

Add Nationality

Figure 4.3: Add Nationality

A list of nationalities as shown in Figure 4.4 would appear once a “Nationality” is added. You may also add multiple entries of nationalities.

Nationalities

☐	Nationality
☐	Afghan
☐	Albanian
☐	Algerian
☐	American
☐	Andorran
☐	Angolan
☐	Antiguans
☐	Argentinean

Figure 4.4: Nationalities List

To delete a nationality, click on the check box next to the “Nationality” name. It is also possible to delete multiple entries at the same time by clicking the check box entries you wish to delete and simply clicking “Delete”.

5.6 Configuration

This feature allows you to subscribe and receive notifications and to configure the parameters in setting up the email so notifications will be sent to relevant persons which will quicken the communication processes.

It also allows the HR admin to configure language localization for the entire system, set up a date format and enable/disable module display.

Email Configuration

Configuration of mail settings is essential to accommodate sending and receiving notifications related to the operations performed within the OrangeHRM application (*Ex: leave management*).

Mail Configuration			
Mail Sent As *	donotreply@orangeHRMLive.com	Sending Method	SMTP
SMTP Host	smtp.gmail.com	SMTP Port	465
Use SMTP Authentication	☐ No ☒ Yes	SMTP Password *	
SMTP User *	donotreply@orangeHRMLive.com	User Secure Connection	☐ No ☒ SSL ☐ TLS
Send Test Email	☐	Test Email Address	
* Required field			
Edit Reset			

Figure 4.5: Mail Configuration

To configure the mail settings, go to **Admin>> Configuration>>Email Configuration**, a screen as shown in Figure 4.5 would appear. Enter the fields accurately by clicking “Edit”, and then a test mail to an email address of your choice could be sent to check functionality. Click “Save” when you have entered all the settings and you may check the email account if you specified an address to receive the test mail.

Email Subscriptions

This feature will allow the admin to subscribe to email notifications that will be sent to the employees and supervisors in the system. A copy of the mail will be sent to the email address specified by the Admin. He/she can also select what copies of notifications he should receive. To subscribe to a notification type, go to **Admin>> Configuration>> Email Subscriptions** and a screen a shown in Figure 4.6 would appear.

Figure 4.8: Subscriber List for a Notification Type

When you click “Back” you will be directed to the “Email Notification” screen as shown in Figure 4.9 with the added notification subscriber reflected on the screen.

The screenshot shows the "Email Notification" screen. At the top, there is a green "Edit" button. Below it is a table with two columns: "Notification Type" and "Subscribers". The table contains the following rows:

☐	Notification Type	Subscribers
☒	Leave Applications	Lisa Jones <lias.jones@gmail.com>
☐	Leave Assignments	
☐	Leave Approvals	
☐	Leave Cancellations	
☐	Leave Rejections	
☐	Performance Review Submissions	

Below the table, there are two footnotes:

- * Click on a notification type to add subscribers
- * Click on Edit button to enable notifications

Figure 4.9: Email Notification List of Subscribers

Localization

Language Localization

This feature enables the HR Admin to configure the language settings and translate the OrangeHRM system to the language of your choice. To configure localization settings, go to **Admin>> Configuration>> Localization** and the screen as shown in Figure 5.0 would appear. Click “Edit” to edit the fields.

The default language of the system is US English however you may also use an already set up browser language to translate the system to the language of choice. For example: If you are using Firefox as your browser and it’s translated in UK English language and you want to use this particular language, click on the “Use Browser Language if set” and select from the “Supported Language” provided.

The screenshot shows the "Localization" screen. It contains the following fields:

- Language:** A dropdown menu currently set to "US English".
- Use browser language if set (Supported languages):** A checkbox that is currently unchecked.
- Date Format:** A dropdown menu currently set to "yyyy-mm-dd (2013-03-29)".
- Language and font help:** A link below the date format field.
- Save:** A green button at the bottom of the form.

Figure 5.0: Localization

The language pack tool can also be obtained from the website by clicking on “Language and font help” as shown in Figure 5.0, where you will be diverted to the web page or by simply browsing through the OrangeHRM Website (www.orangehrm.com >> Community>> Translators).

Date Format Localization

This feature allows the HR Admin to set up the date format that will be reflected throughout the whole system as shown in Figure 5.0.

Once you have configured the localization settings, click “Save”.

Modules

This feature enables the HR Admin to configure the display/hide settings of the modules of the system. To configure the module display settings, go to **Admin>> Configuration>> Modules** and the screen as shown in Figure 5.1 will appear.

Click “Edit “to edit module display. You may select from the list the modules you want to be displayed/hidden.

Click “Save” one module configuration is completed.

Figure 5.1: Module Configuration

6.0 PIM Module

This core module maintains all relevant employee related information, including different types of personal information, detailed qualifications, work experience, job related information etc. Information captured in this module is utilized by all other modules, thus eliminating data redundancy. Records can be either entered manually one by one or imported from a CSV file. You cannot import all the details but you can edit the remaining fields.

The functionality of the PIM Module differs depending on the rights of the user.

The HR can:

- Configure optional/custom fields, data import from CSV, define reporting methods and termination reasons that will be used throughout the module.
- View all employee details
- Add employee on the list.
- Generate employee report

ESS-Supervisor can:

- View his personal details as well as his/her subordinates.

ESS-Employee:

- Has no access to the PIM module but can view his personal details under the 'My Info' Module.

6.1 Configuration

This allows the HR Admin to add optional fields and custom fields to the module, define various termination reasons, reporting methods and import data from CSV.

Optional Fields

This feature allows the admin to add fields to the "Personal Details" screen that may be specific to the company or country. To configure the "Optional Fields" settings, go to PIM>> Configuration>> Optional Fields and the screen as shown in Figure 5.2 will appear.

Configure PIM

Show Deprecated Fields

☒ Show Nick Name, Smoker and Military Service in Personal Details

Figure 5.3: Optional Fields added to Personal Details Screen

Custom Fields

This feature allows the Admin to customize and add fields to all the screen of the PIM Module that may be specific and relevant to the company. To add a custom field, go to PIM>>Configuration>>Custom Fields, click “Add” and the screen as shown in Figure 5.4 will appear

The form titled "Add Custom Field" contains the following fields:

- Field Name ***: Text input with value "Preferred Contact Details".
- Screen ***: Dropdown menu with value "Contact Details".
- Type ***: Dropdown menu with value "Drop Down".
- Select Options ***: Text input with value "Email, Mobile, Landline". Below it, a hint says "Enter allowed options separated by commas".

At the bottom, there are "Save" and "Cancel" buttons. A legend indicates that an asterisk (*) denotes a required field.

Figure 5.4: Add Custom Field

Define the “Field Name” you want to add, the “Screen” you want the field to appear in, the mode of entering the data whether it’s a “Drop Down” selection or “Text or Number” and the if it’s a “Drop Down”, the options the employees can select from.

Click “Save” once you have entered the details and the fields defined for a particular screen will then be added.

The entry added will then be listed as shown in Figure 5.5. You may add a maximum of 10 fields per screen.

Defined Custom Fields			
Add Delete		Remaining number of custom fields: 8	
☐	Custom Field Name	Screen	Field Type
☐	Preferred Contact Details	Contact Details	Drop Down

Figure 5.5: Define Custom Fields

You may also add multiple entries of custom fields. To delete a custom field click on the check box next to the Custom Field Name. It is also possible to delete multiple entries at the same time by clicking the check box entries you wish to delete and simply clicking “Delete”.

Data Import

This feature allows the Admin to import data from a CSV file. To import data, go to PIM>> Configuration>> Data Import and the screen as shown in Figure 5.6 will appear.

The screenshot shows a web form titled "CSV Data Import". At the top, there is a "Select File *" label, a text input field containing "C:\Users\orangehrm\D", and a "Browse..." button. Below the input field, it says "Accepts up to 1MB". A list of bullet points provides instructions: "Column order should not be changed", "First Name and Last Name are compulsory", "All date fields should be in YYYY-MM-DD format", "If gender is specified, value should be either **Male** or **Female**", "Each import file should be configured for 100 records or less", "Multiple import files may be required", and "Sample CSV file: [Download](#)". A legend indicates that an asterisk (*) denotes a "Required field". At the bottom of the form is a large green "Upload" button.

Figure 5.6: CSV Data Import

The following guidelines are stated for a smooth flow of data import:

- Column order should not be changed: [the column format of the CSV File should be the same as the “Sample CSV File”](#). Click on Sample CSV File: “Download” to view the column format.
- First Name and Last Name are compulsory
- All data fields should be in YYYY-MM-DD format: [if you have configured the date format under “Localization” \(see Figure 5.0\) the date will then be converted from YYYY-MM-DD to the localized date format](#).
- If gender is specified, value should be either male or female
- Each import should be configured for 100 records or less – [maximum of 100 records can be imported](#).
- Multiple import files may be required: [you may carry out multiple imports but maximum of 100 records or less per data import](#).

Sample CSV File: “Download” - [to view the column format](#).

To import data, select the file by clicking “Browse” and select the CSV file you want to upload. Click “Upload” once you have selected the file. The data will then be populated on the “Employee List” screen.

Reporting Methods

The HR admin can define the reporting method between an ESS-Employee and an ESS-Supervisor. To define the reporting method, go to **PIM>> Configuration>> Reporting Methods** and click “Add”, the screen as shown in Figure 5.7 will appear.

Add Reporting Method	
Name *	Self-Report
* Required field	
Save Cancel	
Reporting Methods	
Name	
Direct	
Indirect	

Figure 5.7: Add Reporting Method

“Direct” and “Indirect” Reporting Method are already pre-defined. To add, enter the reporting method “Name” and click “Save”

The reporting method name will then be listed as shown in Figure 5.8.

The interface titled "Reporting Methods" features a green "Add" button and a red "Delete" button at the top. Below these buttons is a table with four rows, each representing a reporting method. Each row has a checkbox on the left and the method name on the right. The first row, "Name", is highlighted in orange. The other three rows, "Direct", "Indirect", and "Self-Report", are in a light gray color.

☐	Name
☐	<u>Direct</u>
☐	<u>Indirect</u>
☐	<u>Self-Report</u>

Figure 5.8: Reporting Method

You may also add multiple entries of reporting methods. To delete a reporting method click on the check box next to the Reporting Method Name. It is also possible to delete multiple entries at the same time by clicking the check box entries you wish to delete and simply clicking "Delete".

Termination Reasons

This feature allows the HR Admin to define various termination reasons that is used by the company. To add a termination reason, go to PIM>>Configuration>>Termination Reason and click "Add", the screen as shown in Figure 5.9 would appear. Click "Save" once the fields are added.

The interface titled "Add Termination Reason" contains a form with a "Name *" label and a text input field. The input field contains the text "Illness". Below the input field is a red asterisk followed by the text "* Required field". At the bottom of the form are two buttons: a green "Save" button and a gray "Cancel" button.

Figure 5.9: Add Termination Reason

The entry will then be added to the list as shown in Figure 6.0.

Termination Reasons
Name
Contract Not Renewed
Deceased
Dismissed
Laid-off
Other
Physically Disabled/Compensated
Resigned
Resigned - Company Requested
Resigned - Self Proposed
Retired

Figure 6.0: Termination Reasons

The following are default termination reasons:

- Contract not renewed
- Deceased
- Dismissed
- Laid-off
- Other
- Physically Disabled/Compensated
- Resigned
- Resigned-Company Requested
- Resigned-Self Proposed
- Retired

You may also add multiple entries of termination reasons. To delete a termination reason click on the check box next to the “Termination Reason” name. It is also possible to delete multiple entries at the same time by clicking the check box entries you wish to delete and simply clicking “Delete”.

6.2 Employee List

Lists all the employees entered and imported into the PIM. You can view/edit details of a particular employee by clicking on the employee's name or ID. To view the employee list, go to PIM>>Employee List and the screen as shown Figure 6.1 would appear.

Add Delete								
☐	<u>Id</u>	<u>First (& Middle) Name</u>	<u>Last Name</u>	<u>Job Title</u>	<u>Employment Status</u>	<u>Sub Unit</u>	<u>Location</u>	<u>Supervisor</u>

- * Required field**: A small asterisk icon indicating required fields.
- Buttons**: 'Save' (green) and 'Cancel' (grey).

Figure 8.1: Add Subordinate

Enter the “Name” of the supervisor/subordinate and select from the “Reporting Method” selections. Click “Save” once the fields are entered.

Once the supervisor/subordinates have been defined they will be listed as shown in Figure 8.2.

The screen displays two sections: 'Assigned Supervisors' and 'Assigned Subordinates'.

Assigned Supervisors:

- Buttons: 'Add' (green), 'Delete' (red).
- Table:

Name	Reporting Method
Kevin Ryan	Direct

Assigned Subordinates:

- Buttons: 'Add' (green), 'Delete' (red).
- Table:

Name	Reporting Method
John Smith	Direct

Attachments:

- Button: 'Add' (green).

Figure 8.2: Assigned Supervisors/Assigned Subordinates

You may enter multiple entries of supervisors or subordinates for a particular employee. To delete an entry, click on the check box next to particular entry. It is also possible to delete multiple entries at the same time by clicking the check box entries you wish to delete and simply clicking “Delete”.

You may also upload any attachment that would support the details you have entered on the form by clicking “Add” under the “Attachment” and selecting a file from a relevant path and upload the following file by clicking “Upload”.

Qualifications

➤ Work Experience

Previous work experiences of an employee can be entered here. To enter employee’s previous work experience, select “Qualification” under the Employee Details column and click “Add” under “Work Experience” and the screen as shown in Figure 8.3 will appear.

The form titled "Add Work Experience" contains the following fields:

- Company ***: Text input field with "UBS" entered.
- Job Title ***: Text input field with "Operations Executive" entered.
- From**: Date input field with "2003-02-01" entered.
- To**: Date input field with "2005-04-19" entered.
- Comment**: Text area for additional notes.

At the bottom, there are "Save" and "Cancel" buttons. A legend indicates that an asterisk (*) denotes a required field.

Figure 8.3: Add Work Experience

Click “Save” once all the fields are entered and the particular work experience will be listed as shown in Figure 8.4.

7.0 Leave Module

A comprehensive leave management module with extensive possibilities of defining leave types, company holidays, applying for and assigning of leave for the employees of the company. It caters for all application and approval processes and is able to display information on leave entitlement, balance, history etc.

The functionality of the Leave Module differs depending on the rights of the user. The Leave Module will be described from the perspective of an administrator, an ESS User who is a supervisor and the normal ESS user.

The Admin can:

- View Leave Entitlements for each employee and entitle leave days of each available type
- Generate Leave Entitlements and Usage Reports for himself/herself and all employees
- Configure leave periods, leave types, work week and holidays
- Assign Leave for any employee
- See Scheduled Leave for any employee
- See list of Taken Leave for any employee
- If the admin user is an employee then he will see the 'Apply' 'My Leave' and 'Entitlements' options along with the rest of the features.

A Supervisor can:

- View the Personal or Employee (subordinate) Leave Entitlements
- Generate Leave Entitlements and Usage Reports for himself/herself and his/her subordinates
- View the Leave List
- Apply Leave
- Assign Leave for his/her subordinates
- Approve/Reject Leave for his/her subordinates

The ESS User can:

- View the Personal Leave Entitlement
- Generate Leave Entitlements and Usage Reports for himself/herself
- View the detailed leave information
- Apply for leave

7.1 Configure

The HR admin is able to configure the following that will be reflected throughout the Leave Module as shown in Figure 9.7.

Figure 9.7: Configure

- Leave Period
- Leave Types
- Work Week
- Holidays

Leave Period

The HR Admin and other users with admin rights are able to define the leave period that will be used when applying/assigning leave. To define a leave period, go to **Leave>> Configure>> Leave Period** and a screen as shown in Figure 9.8 will appear. Click “Edit” to enter fields.

The screenshot shows the 'Leave Period' configuration form. It contains the following fields and values:

- Start Month ***: January (dropdown menu)
- Start Date ***: 1 (dropdown menu)
- End Date**: December 31
- Current Leave Period**: 2013-01-01 to 2013-12-31

Below the fields, there is a legend: *** Required field**. At the bottom of the form, there are two buttons: **Save** (green) and **Reset** (grey).

Figure 9.8: Define Leave Period

You can define the “Start Month” and “Start Date” from the drop down menus. The system will automatically set the “End Date” as to have a one-calendar year leave period.

Click “Save” and the current leave period will be stated below the “End Date”. This will be the default leave period.

Leave Types

Through this section the admin and any other user with admin rights will be able to define leave types, which are compatible with the HR policies of the company. To add leave types, go to **Leave>> Configure>> Leave Types** and the screen as shown in Figure 9.9 will appear.

Click “Add” to enter a field. Once the field is added, click “Save”.

By clicking the “Is Entitlement Situational” option, that leave type will be excluded from reports unless there is some activity. e.g. maternity leave, jury duty leave.

Figure 9.9: Add Leave Type

Once a leave type is added, it will be listed as shown in Figure 10.0. You may add multiple entries of leave types. You may view/edit leave type by clicking on the “Leave Type” name.

Figure 10.0: Leave Types List

To delete a leave type, click on the check box next to the “Leave Type” name. It is also possible to delete multiple entries at the same time by clicking the check box entries you wish to delete and simply clicking “Delete”.

Work Week

The HR Admin and any other users with admin rights will be able to define the work weeks for all employees. To define work week, go to **Leave>> Configure>> Work Week** and the screen as shown in Figure 10.1 will appear.

Click “Edit” to define the work week.

In this feature, you can define the days that the company operates whether they are; Full Day, Half Day, Non-Working Day.

Figure 10.1: Define Work Week

Click “Save” once you have configured the work week settings.

Holidays

The HR admin and other users with admin rights can define holidays that will be applicable to the entire company and will be taken into consideration while calculating leave duration.

To define “Holidays”, go to **Leave>> Configure>> Holidays** and click “Add”, a screen as shown in Figure 10.2 will appear.

The 'Add Holiday' form contains the following fields and controls:

- Name ***: Text input field with the value 'Christmas'.
- Date ***: Date input field with the value '2013-12-25' and a calendar icon.
- Repeats Annually**: A checked checkbox.
- Full Day/Half Day**: A dropdown menu with 'Full Day' selected.
- * Required field**: A label indicating that the Name and Date fields are mandatory.
- Buttons**: 'Save' (green) and 'Cancel' (grey) buttons at the bottom.

Figure 10.2: Add Holiday

Enter the “Name of the Holiday”, the “Date” it will occur and checking the “Repeats Annually” will mean that the holiday will occur on the same date in the following years and select whether the holiday stated will be considered as a “Full Day /Half Day” holiday.

Click “Save” once you have defined the holiday.

Once a holiday is added, it will be listed as shown in Figure 10.3.

You also have the option to also “Search” for the holidays that are occurring for a particular leave period.

The 'Holidays' interface includes a search section and a table of existing holidays:

Search Section:

- From**: Date input field with value '2013-01-01' and a calendar icon.
- To**: Date input field with value '2013-12-31' and a calendar icon.
- Search**: Green button.
- Add**: Green button.
- Delete**: Red button.

Holidays Table:

	Name	Date	Full Day/Half Day	Repeats Annually
☐	Halloween	2013-08-31	Full Day	Yes
☐	Christmas	2013-12-25	Full Day	Yes

Figure 10.3: Holiday List

You may add multiple entries of holidays. You may view/edit holidays by clicking on the “Holiday” name. To delete a holiday, click on the check box next to the “Holiday” name. It is also possible to delete multiple entries at the same time by clicking the check box entries you wish to delete and simply clicking “Delete”.

7.2 Leave Entitlements

This feature allows users to add (Admin Users only) and view employee leave entitlements. The menu will show data depending on the user type:

- **Admin:** will see “Add Entitlements” and “Employee Entitlements” and has full rights.
- **ESS User-Supervisor:** will see “Employee Entitlements” (subordinates only) and “My Entitlements” and has viewing rights only.
- **ESS User:** will see “My Entitlements” and has viewing rights only.

HR Admin View of Leave Entitlements

This feature enables the HR Admin and other users with admin rights to Add and View Leave Entitlements for each leave type for all employees.

To add an entitlement to employees, click on **Leave>>Entitlements>>Add Entitlements** and the screen shown in Figure 10.4 will appear.

Figure 10.4: Add Leave Entitlement

The HR Admin can select the employee to assign leave to by typing his/her name in the “Employee” textbox. The “Leave Type” (defined under Configure>>Leave Types) can then be selected from the dropdown menu. The “Leave Period” can then be selected. The number of days to assign to that employee can then be given in the “Entitlement” textbox, as shown in Figure 10.5.

The screenshot shows the 'Add Leave Entitlement' form. At the top, there is a checkbox labeled 'Add to Multiple Employees' which is unchecked. Below this, the 'Employee *' field contains the text 'John Smith'. The 'Leave Type *' dropdown menu is set to 'Annual Leave'. The 'Leave Period *' dropdown menu shows the date range '2013-01-01 - 2013-12-31'. The 'Entitlement *' field contains the number '4'. A legend indicates that fields with an asterisk are required. At the bottom, there are 'Save' and 'Cancel' buttons.

Figure 10.5: Add Leave Entitlement to an employee

If the Admin selects “Add to Multiple Employees”, then the “Employee” field gets replaced with a “Location” and “Sub Unit” field. The Admin can now select a specific location and a sub-unit, and assign a leave entitlement for a certain “Leave Type” to all employees in that location and sub-unit by clicking “Save”, as shown in Figure 10.6.

The screenshot shows the 'Add Leave Entitlement' form with the 'Add to Multiple Employees' checkbox checked. The text '(No matching employees)' appears next to the checkbox. The 'Location' dropdown menu is set to 'All'. The 'Sub Unit' dropdown menu is open, showing a list with 'All', 'Sales' (highlighted in blue), and 'Operations'. The 'Leave Type *' dropdown menu is set to 'Annual Leave'. The 'Leave Period *' dropdown menu shows the date range '2013-01-01 - 2013-12-31'. The 'Entitlement *' field contains the number '4'. A legend indicates that fields with an asterisk are required. At the bottom, there are 'Save' and 'Cancel' buttons.

Figure 10.6: Add Leave Entitlement to Employees by Location and Sub-Unit

To view an employee's leave entitlement, the HR Admin can click on **Leave>>Entitlements>>Employee Entitlements** as shown in Figure 10.7. The Admin can type in the Employee name and select the "Leave Type" from the drop down as well as the "Leave Period".

Figure 10.7: Search Employee Entitlements

Clicking "Search" will pull up all the leave that that particular employee has been entitled, as shown in Figure 10.8. Clicking "Add" will bring up the "Add Leave Entitlement" window (as shown in Figure 10.4).

To delete an entry, click on the check box next to particular entry. It is also possible to delete multiple entries at the same time by clicking the check box entries you wish to delete and simply clicking "Delete".

☐	Leave Type	Entitlement Type	Valid From	Valid To	Days
☐	Annual Leave	Added	2013-01-01	2013-12-31	20.00
Total					20.00

Figure 10.8: View Employee Entitlement

To edit the leave entitlement, click on the number of days entitled under "Days", or the date under "Valid From" or "Valid To" and the window as shown in Figure 10.9 will appear.

The Admin will only be able to change the "Leave Period" and the "Entitlement". Click "Save" once the values have been changed.

The form is titled "Edit Leave Entitlement". It contains the following fields:

- Employee ***: A text box containing "John Smith".
- Leave Type ***: A dropdown menu showing "Annual Leave".
- Leave Period ***: A date range selector showing "2013-01-01 - 2013-12-31".
- Entitlement ***: A text box containing "20.00".

Below the fields is a legend: *** Required field**. At the bottom are two buttons: a green "Save" button and a grey "Cancel" button.

Figure 10.9: Edit Employee Entitlement

ESS Supervisor View of Leave Entitlements

An ESS –Supervisor is only able to “View” his own leave entitlement (**Leave>>Entitlements>>My Entitlements**) and his subordinates leave entitlements (**Leave>>Entitlements>>Employee Entitlements**) when he/she logs in (Figure 11.0).

***Note:** An HR Admin will enter the leave entitlement on behalf of an ESS-Supervisor and an ESS-Employee.

Figure 11.0: ESS-Supervisor Entitlements menu

To view his/her own leave entitlement, the ESS Supervisor has to click on **Leave>> Entitlements>> My Entitlements**. He/she can then search by “Leave Type” or “Leave Period”. Clicking “Search” will show all available leave entitlements as shown in Figure 11.1.

7.3 Reports

This feature allows users to generate Leave Entitlements and Usage Reports of employees. The HR Admin can select between two main criteria when generating reports: “Leave Type” and “Employee”. (Figure 11.5.1).

Figure 11.5.1: Generate Reports For

If the HR Admin selects “Leave Type”, he will then be presented with the following fields to select from (Figure 11.5.2).

Figure 11.5.2: Leave Type Report Generation view

Once the appropriate fields are selected, the Admin can then click “View” and will be presented with the leave report of all employees based on the previously selected criteria (Figure 11.6)

Employee	Leave Entitlements (Days)	Leave Pending Approval (Days)	Leave Scheduled (Days)	Leave Taken (Days)	Leave Balance (Days)
James Olsen	<u>20.00</u>	<u>0.00</u>	<u>0.00</u>	<u>0.00</u>	20.00
Kevin Ryan	<u>20.00</u>	<u>2.33</u>	<u>1.00</u>	<u>3.00</u>	13.67
John Smith	<u>20.00</u>	<u>0.00</u>	<u>0.00</u>	<u>0.00</u>	20.00

Figure 11.6 Employee Leave Report

If the “Employee” option is selected under “Generate For” (Figure 11.5.1) the HR Admin can generate the leave entitlement and usage report for any employee. The name of the employee will need to be inserted into the “Employee” field, and a report will be generated for that employee (as shown in Figure 11.7).

7.4 Leave List

The leave list is available to the Admin and ESS – Supervisors. It shows the entire leave request by the employees.

***Note:** The ESS – Supervisor will only see the leave list of his subordinates while the Admin can view the entire list.

View/Action Leave Request

When an employee applies for a leave his Supervisor (and Admin as well, if configured under Notifications) will receive a mail with a link to the leave list and upon clicking on that link either the Supervisor or the Admin can approve, reject or cancel the leave.

Alternatively, an HR Admin or an ESS-Supervisor may also log into the system and action the following leave requests.

To view “Leave List”, go to Leave>>Leave List and the screen as shown in Figure 12.2 will appear. You may also action the following leave request by selecting an action from the “Action” drop down menu.

Date	Employee Name	Leave Type	Leave Balance (Days)	Number of Days	Status	Comments	Actions
2013-04-03 to 2013-04-05	Kevin Ryan	Annual Leave	17.00	3.00	Pending Approval(3.00)		Select Action Select Action Approve Cancel Reject
Save							

Figure 12.2: Admin/ESS Supervisor Leave List

Click “Save” once an action has been selected. The following leave request in which an action has been applied will no longer appear in the leave list as shown in Figure 12.3. A mail will be then sent to the employee and he can view the status of his leave application.

Date	Employee Name	Leave Type	Leave Balance (Days)	Number of Days	Status	Comments	Actions
No Records Found							
Save							

Figure 12.3: Leave Status Notified to Employee.

Alternatively, you may action the following leave request by selecting an action from the drop down menu of “Actions” or you may click the “Date” / “Status” to view the a detailed information of the leave request and action them individually as shown in Figure 12.4. Select necessary actions to the leave request and click “Save”

Figure 12.4: Leave Request in Detail

Once the necessary actions have been made to the leave requests, they will no longer appear in the leave list. A mail will be then sent to the employee and he can view the status of his leave application.

Search Leave List

You can view leave using the search toolbar as shown in Figure 12.5 by:

- Specifying the period using the “From” and “To” dates
- Selecting the status or combination of status of the following:
 - Rejected
 - Canceled
 - Pending Approval
 - Approved
 - Taken
- Search for the employee
- Search by Sub-Unit
- You may also include past employees with your search.

The screenshot shows a web interface titled "Leave List". It features a search toolbar with the following elements:

- From:** A date input field set to "2013-01-01" with a calendar icon.
- To:** A date input field set to "2014-12-31" with a calendar icon.
- Show Leave with Status:** A row of checkboxes for "All", "Rejected", "Cancelled", "Pending Approval" (which is checked), "Scheduled", and "Taken".
- Employee:** A text input field with the placeholder "Type for hints..." and a magnifying glass icon.
- Sub Unit:** A dropdown menu currently showing "All".
- Include Past Employees:** An unchecked checkbox.
- Buttons:** A green "Search" button and a grey "Reset" button at the bottom left.
- Hide Options:** A button with an upward arrow icon at the top right.

Figure 12.5: Leave List Search

7.5 Assign Leave

This feature is only available to an HR Admin and ESS-Supervisor. The HR Admin can assign leave to all employees while an ESS-Supervisor can only assign leave to his subordinates. To assign leave, go to **Leave>> Assign Leave** and the screen as shown in Figure 12.6 will appear.

The 'Assign Leave' form contains the following fields and controls:

- Employee Name ***: Text input field containing 'John Smith'.
- Leave Type ***: Dropdown menu with 'Annual Leave' selected.
- Leave Balance**: Text display showing '20.00' with a [view details](#) link.
- From Date ***: Date input field containing '2013-04-04'.
- To Date ***: Date input field containing '2013-04-05'.
- Comment**: Large text area for additional notes.
- Required field**: A small asterisk icon and text label.
- Assign**: A green button at the bottom to submit the form.

Figure 12.6: Assign Leave

Select the name of the employee, you can do this by entering the first letter of his name and you will see list of employees with that letter and you can select the relevant employee, then select the leave type, the dates in which the leave is to be taken and you can add a comment if necessary. The system also shows the remaining leave balance for the specific leave type.

Click “Assign” when you are done and the employee and the admin will be notified via e-mail. The leave balance will also be deducted.

When the employee logs in to the system and checks his/her leave by going to **Leave>> My Leave**, he/she will see the leave that was assigned to him/her as shown in Figure 12.7.

Date	Employee Name	Leave Type	Leave Balance (Days)	Number of Days	Status	Comments	Actions

Figure 12.8: My Leave View

An employee can choose to cancel a pending approval leave or a scheduled leave however he cannot make any changes to any other leave status.

He/she can view complete details of leaves by clicking on the “Date” or “Status”. To cancel a leave request click on the “Actions” drop down, select “Cancel” and click “Save”.

If the email notifications functionality has been configured (see section 5.6 for more information), email notifications on leave application, cancellations, rejections and approvals will be sent to the employee who has applied for leave, as well as to the Admin Users who have subscribed for the leave management mail notifications.

7.7 Apply

All users except for the Admin unless he is an employee can apply leave from this option. To apply for a leave go to **Leave>>Apply** and the screen shown as shown in Figure 12.9 will appear.

Apply Leave

Leave Type * Annual Leave

Leave Balance 14.00 [view details](#)

8.0 Time Module

The Time Module automates attendance maintenance and punch in/out. The functionality of the module allows the employees of the company to create and submit weekly timesheets and the Supervisors to modify, approve and reject the timesheets. These timesheets are created based on Activities within Projects that are being done for various Customers.

While attendance is tracked through punch in/out employees can specify the time spent of projects assigned to them.

Depending on each user the functions vary:

The Admin can:

- Add Project Information; Customers, Projects and Activities
- View / Edit / Approve / Reject Employee Timesheets
- View any employee's attendance records
- Configure attendance settings for all employees
- View project reports for any project undertaken by the company

The ESS-Supervisor can:

- View project information, and view/edit/add project activities if he/she is the project admin.
- Enter, modify and submit personal timesheets
- View / Edit / Approve / Reject/Add timesheets of his subordinates

- Enter his/her punch in/out time
- Enter time events spent on the project activities
- View his subordinates' employee attendance records.
- View subordinate's project reports and attendance summary.

The ESS User can:

- View project information, and view/edit/add project activities if he/she is the project admin.
- Enter, modify and submit personal timesheets
- Enter punch in/out time
- Enter the time events for the activities of the projects he/she is working on

8.1 Time Sheets

Project Info; Customers, Projects and Activities

Here information regarding projects, customers, project activities and project administrator can be defined, which can be later used for project management activities.

Customers

You can enter details of your customers that can be used to define projects and project activities. To add a customer, go to **Time>> Project Info>> Customers** and click "Add", a screen as shown in Figure 13.1 would appear.

Click "Save" once the fields are added.

Figure 13.1: Add Customer

The customer will then be listed as shown in Figure 13.2. You may also add multiple entries of customers. To view details of a customer, click on the customer's name.

Customers		
Add Delete		
☐	Customer	Description
☐	Citibank	

Figure 13.2: Customers List

To delete an entry, click on the check box next to the “Customer” name. It is also possible to delete multiple entries at the same time by clicking the check box entries you wish to delete and simply clicking “Delete”.

Projects

The administrators are able to define the projects, which were/are/will be managed by the company. To add a project, go to **Time>> Project Info>> Projects** and click “Add”, a screen as shown in Figure 13.3 would appear.

Click “Save” once the fields are added.

Add Project

Customer Name *
[Add Customer](#)

Name *

Project Admin
[Add Another](#)

Description

* Required field

Figure 13.3: Add Project

To add a project, the following needs to be entered:

- **Customer Name:** needs to be defined first before adding a project name or you may simply add a customer by clicking on “Add Customer” below the “Customer Name” field.
- **Name:** Name of the project to be done for the customer
- **Project Admin:** The employee assigned for the project. You may assign more employees for the project.
- **Description:** A brief description of the project.

Once you click “Save” the screen as shown in Figure 13.4 would appear and project activities can be added for the particular project. To add a project activity, Click “Add” and “Save” once the field is added.

The screenshot shows a window titled "Activities". At the top, there are three buttons: "Add" (green), "Delete" (red), and "Copy From" (grey). Below these buttons is a list of activities. The first activity is "Activity Name" with a checkbox on the left. The second activity is "Vendor Management" with a checkbox on the left.

Figure 13.4: Add Project Activities

You may also copy a project activity from another project using the “Copy From” option. To copy a project activity from another project, click “Copy From”, fill in the desired Project name that you wish to copy an activity from, select the required Activity from the list, and then add the activity that needs to be copied by clicking on “Copy” as shown in Figure 13.5.

The screenshot shows a dialog box titled "Copy Activity". It has a close button (X) in the top right corner. Inside the dialog, there is a "Project Name *" field with the value "Citibank - Project A". Below this is a checkbox labeled "Vendor Management" which is checked. At the bottom, there is a red asterisk and the text "* Required field". At the very bottom are two buttons: "Copy" (green) and "Cancel" (grey).

Figure 5.13: Copy Project Activity

The selected project activity will then be added to the list of project activities as shown in Figure 13.6.

The screenshot shows the "Activities" window again. It has the same buttons at the top: "Add" (green), "Delete" (red), and "Copy From" (grey). The list of activities now includes three items: "Activity Name" (checkbox), "Recruitment" (checkbox), and "Vendor Management" (checkbox). The "Recruitment" activity is highlighted in grey.

Figure 13.6: Copied Project Activity Listed

A list of projects for a particular customer will then be listed as shown in Figure 13.7. You may also add multiple entries of projects. To delete an entry, click on the check box next to the “Customer” name. It is also

possible to delete multiple entries at the same time by clicking the check box entries you wish to delete and simply clicking “Delete”.

Figure 13.7: Project List

Entering and Submitting a Timesheet

This feature functions in different ways depending on the user type. The Admin will be able to view timesheets of employees while a Supervisor can also do the same and in addition, can enter his timesheet details however, a normal ESS User can only enter his timesheet details.

When an ESS-Employee or an ESS-Supervisor wants to enter his/her timesheet, they can go to **Time>> Timesheet>> My Timesheets** and the screen as shown in Figure 13.8 will appear. This option is not available to the Admin.

Timesheet for Week									
2013-04-01 to 2013-04-07 Add Timesheet									
Project Name	Activity Name	Mon 1	Tue 2	Wed 3	Thu 4	Fri 5	Sat 6	Sun 7	Total
No Records Found									
Status: Not Submitted									
									Edit Submit

Figure 13.8: Enter Timesheet

The current week will populate under the “Timesheet for week”. You may also add a timesheet for another week period by clicking “Add Timesheet” and another field, “Select a Day to Create Timesheet” will appear in which you can select the first day of the week from the drop down menu and the system will automatically calculate a one-week time period from the date entered as shown in Figure 13.0.

***Note:** Once you have added a timesheet for a specific week, you cannot move from one timesheet of a specific week period to another unless you have entered the details for the current one.

Once you have determined the week period for the timesheet, you can now enter the timesheet details by clicking “Edit” and the screen as shown in Figure 13.9 will appear.

8.2 Attendance

All attendance records are maintained and recorded under “Attendance” menu. Depending on the user, the attendance functions vary.

The Admin can:

- Generate project, attendance and employee reports for all the employees
- Configure user rights with regards to attendance

The ESS – Supervisor can:

- Punch In/Out
- View personal reports
- Generate project, attendance and employee reports for subordinates

The ESS User can:

- Punch In/Out
- View personal time reports.

Configuration

The admin can select what privileges the employees and supervisors will have on the punch in/out and attendance. For configuration, go to **Time>> Attendance>> Configuration** and the screen as shown in Figure 14.9 will appear.

Click “Save” once done.

Attendance Configuration

Select the “Employee Name” from the drop down list, the “Project Name” he/she was assigned to and the “Activity Name” he/she took part in and define the “Project Date Range” by selecting from the dates. The default project name and project activity is “All”. You may also click on the “Only Include Approved Timesheets” if you want to view only employee reports with approved timesheets.

Click “View” once completed and the screen as shown in Figure 15.9.

Employee Report		
Employee Name James Olsen		
Project Name	Activity Name	Time (Hours)
Citibank - Project A	Vendor Management	17.00
UBS - Project B	Recruitment	18.00
Total		35.00

Figure 15.9: Employee Report

Attendance Summary

These reports are available to both HR Admin and ESS-Supervisor. The Admin can view the attendance summary of all employees while an ESS – Supervisors can view the attendance summary of his/her

subordinates. Here the Admin and ESS -Supervisor can track the time employees have spent working in the company.

To view an employee's attendance summary, go to **Time>> Reports>>Attendance Summary** and the screen as shown in Figure 16.0 will appear.

The form is titled "Attendance Total Summary Report". It contains the following fields:

- Employee Name *: Kevin Ryan
- Job Title: All
- Sub Unit: All
- Employment Status: All
- From: 2013-04-01
- To: 2013-04-05

There is a green "View" button at the bottom.

Figure 16.0: View Attendance Summary Report

Select the "Employee Name" from the drop down list, his/her "Job Title" and "Sub- Unit" he/she falls under and his/her "Employment Status". The default job title/sub-unit/employment status is "All". You may also select the date range you want to view the report for. Click "View" and the screen as shown in Figure 16.1 will appear.

Attendance Total Summary Report	
Employee Name	Kevin Ryan
From	2013-04-01
To	2013-04-05
Employee Name	Time (Hours)
Kevin Ryan	0.05
Total	0.05

Figure 16.1: Attendance Summary Report

9.0 Recruitment Module

The Recruitment Module manages the recruitment process of a company. The Admin can create Vacancies which will be listed on the link via **jobs.php**. A link has to be made on the website to take the applicant to **jobs.php**. When applicants are rejected, approved or when interviews are scheduled, mails are sent to them. Successful applicants are added to the system.

9.1 Candidates

Here the Admin can view the overall status of employee's applications and search for candidates using the criteria provided. To perform a candidate search go to Recruitment Module>> Candidates and the screen as shown in Figure 16.2 will appear.

Figure 16.2: Candidates

- Job Title: search for the candidates who have applied for a specific job title that may not be necessarily posted.
- Vacancy: search for the candidates who have applied for a vacancy posted on the website.
- Hiring Manager: search for candidates with interviews with a particular hiring managers.
- Candidate Name: search for a particular candidate
- Keywords: search for candidates using specific keywords that the candidates may have entered on the application form for easy short-listing for a particular vacancy.
- Status: search for candidate with the following status of the application:
 - Application Initiated
 - Shortlisted
 - Interview Scheduled
 - Interview Passed

- Interview Failed
- Job Offered
- Offer Declined
- Rejected
- Hired

Method of Application: search for candidates who have applied for any vacancy via:

- Manual: through post/email
- Online: through the job portal

Date of Application: search for candidates who have applied for a specific period of time .Select the dates from “From” to “To”.

Click ‘Search’ to perform the candidate search.

Candidates List

Once a candidate applies for a particular vacancy that is posted online, they will be populated on the database under the Recruitment Module. To view candidates list, go to Recruitment >>Candidates and the screen as shown in Figure 16.3 will appear.

10.0 Performance Module

This module manages and reviews the performance of all employees where a company can understand how well an employee is performing in relation to their strategic goals and objectives.

10.1 KPI List

This feature enlists all Key Performance Indicator (KPI) for all job titles. To view KPI List, go to Performance >> KPI List and the screen as shown in Figure 18.6 will appear.

Search Key Performance Indicators

Job Title

All

Search

Add

Delete

Copy

	Key Performance Indicator	Job Title	Min Rate	Max Rate	Is Default
☐	Attendance	Program Manager	1	10	-
☐	Process optimization	Accountant	1	10	Yes
☐	Punctuality	Program Manager	1	10	-
☐	Quota goals	Pre-Sales Executive	1	10	-

Figure 18.6: Key Performance Indicators

10.2 Add KPI

The HR Admin can define a KPI for a specific job title. To do so, go to Performance>> Add KPI and the screen as shown in Figure 18.7 will appear.

Figure 18.7: Add Key Performance Indicator

Enter the “Job Title” you wish to define a KPI for, define the “KPI”, and define the “Minimum” and “Maximum” rating for the KPI. If you select “Make Default Scale” the defined minimum and maximum rating will be pre-populated for all KPIs added in the future.

Click “Save” once all the fields are entered. The following Key Performance Indicator will then be listed under KPI List (see Figure 18.6).

10.3 Copy KPI

You may copy a KPI from one job title to another through this feature. To do so, go to Performance>> Copy KPI and the screen as shown in Figure 18.8 will appear.

Figure 18.8: Copy Key Performance Indicators

Click “Save” once you have selected the fields.

***Note:** Once you copy a KPI from one job title to another job title with an **existing** KPI, the operation will delete the respective existing KPI and replace it with the copied one. Click “OK” to replace the existing KPI.

If you want to copy a KPI from one job title to another job title **without** an existing KPI, the operation will simply just copy the KPI from one job title to another as shown in Figure 18.9.

Figure 18.9: Copy Key Performance Indicators

Click “Save” once you have selected the fields and the KPI copied will be listed as shown in Figure 19.0.

Add Delete Copy

Figure 19.3: Search Performance Reviews

You may search for a particular performance review of an employee by using the search criteria:

- From – To: The date period for the particular performance review

- Job Title: employees with the specified job title to be reviewed
- Subdivision: the subdivision of the employee's to be reviews
- Employee: the employee's name
- Reviewer: the reviewer's name

11.0 Troubleshooting

During the Installation Process:

1. Are you receiving the following error message while installing OrangeHRM?

Access denied for user 'root'@'localhost' (using password: NO). Please Check if Privileged Database Username and Password Correct.

This is due to an invalid MySQL username or password.

Once you provide a valid MySQL username and password, the installation process can be continued.

2. Give a unique Database Name...

Database (end) already exists.

The set up will not allow you to have duplicate database names. If you have previously installed the OrangeHRM application with the same database name, you need to provide a different Database Name for the OrangeHRM system that is being installed. Therefore, make sure that the Database Name given for each OrangeHRM system installed is unique.

3. Linux Users

If you are a Linux user, provide file permission.

Ex: `sudo chmod -R 777 projectname`

Please visit <https://help.ubuntu.com/community/FilePermissions> for more information on how to provide file permission.

In order for your OrangeHRM installation to function properly, please ensure that all of the system check items listed below are green. If any are red, please take the necessary steps to fix them.

Component	Status (For More Information ?)
PHP version	OK (ver 5.3.2-1ubuntu4.15)
MySQL Client	OK (ver 5.1.62)
MySQL Server	OK (ver 5.1.62-0ubuntu0.10.04.1)
MySQL InnoDB Support	Enabled
Write Permissions for "lib/conf"	Not Writeable*
Write Permissions for "lib/logs"	Not Writeable*
Write Permissions for "symfony/apps/orangehrm/config"	Not Writeable*
Write Permissions for "symfony/cache"	Not Writeable*
Write Permissions for "symfony/log"	Not Writeable*
Maximum Session Idle Time before Timeout	OK
Register Globals turned-off	OK
Memory allocated for PHP script	OK
Web server allows .htaccess files	Not enabled! This makes OrangeHRM vulnerable to security attacks.
* Web server requires write privilege to the following directory /var/www/copp/live-2.5-merge-2.6.10/lib/conf	

After Installation:

4. A Blank Page Displayed

This might be due to several reasons:

- You might be using an older version of Internet Explorer.
- JavaScript might be disabled in your browser.
- You might be using IIS or a different web server. We recommend Apache server, or you could install xampp/wamp package instead.
- You might have to increase the PHP and MySQL parameters. Please visit the following link to change parameter values:
[https://wiki.orangehrm.com/index.php/38%29 How to increase PHP and MYSQL performance parameters%3F](https://wiki.orangehrm.com/index.php/38%29+How+to+increase+PHP+and+MYSQL+performance+parameters%3F)

(Take backups of php.ini and my.ini(or my.cnf) files before making any changes.

While Using OrangeHRM:

5. Web Page Time Out

Increase the PHP and MySQL parameters.

Please visit the following link to learn how to change PHP and MySQL parameters:

[https://wiki.orangehrm.com/index.php/38%29 How to increase PHP and MYSQL performance parameters%3F](https://wiki.orangehrm.com/index.php/38%29%20How%20to%20increase%20PHP%20and%20MYSQL%20performance%20parameters%3F)

12.0 Frequently Asked Questions

1. How to enable InnoDB support in MySQL?

To enable "InnoDB" open "my.cnf" file in a text editor and search for "skip-innodb". Add the leading "#" and restart the MySQL database server to enable InnoDB.

2. I have created the MySQL database user properly with all rights and setup Conf.php correctly, when I login I get an error saying; "Client does not support authentication protocol requested by server; consider upgrading MySQL client".

You are probably using PHP4 with a MySQL client older than 4.1 which does not support the password hash algorithm used by post-MYSQL 4.1 databases.

The work around for the problem would be to use the following commands on MySQL prompt:

```
SET PASSWORD FOR '<username>'@'%' = OLD_PASSWORD('<password>');
```

OR

```
SET PASSWORD FOR '<username>'@'localhost' = OLD_PASSWORD('<password>');
```

3. After I have logged into OrangeHRM I sent to a Re-login page which makes me login again.

This could be a result of sessions being disabled or session lifetime set too short, thereby the session is expired in between requests sent to the web-server. Increase the session lifetime. (You may have to contact a system administrator if you are only given limited access)

4. I have entered the username and password, but nothing happens.

JavaScript is either disabled or unsupported in your browser. You need to use a JavaScript enabled browser to use OrangeHRM.

Please visit <http://enable-javascript.com/> to enable JavaScript in your browser.

5. Why can't I access OrangeHRM after I install one click installer?

- Please check if you have installed other web server software like IIS , Sun Web Server etc.

- If you have other servers, check the ports used by each server. (They need to run in different ports). Please make sure you are accessing OrangeHRM through the correct port.
Ex: If the port apache server uses for http is 8080, your address should be [http://localhost:8080/OrangeHrm\(version\)](http://localhost:8080/OrangeHrm(version)).
- If not you might have given a hostname when installing the exe.
Ex: Say the name given was "testserver". Then you should try the url <http://testserver/orangehrm>.
- One other option would be to check whether the service is indeed running.
- Run services.msc in windows' run dialog box and check in the list whether the service apache is running.
- Check whether software like Skype is running, as it will occasionally prevent startup of web server.

6. How to increase PHP and MYSQL performance parameters?

Please refer :

[https://wiki.orangehrm.com/index.php/38%29 How to increase PHP and MYSQL performance parameters%3F](https://wiki.orangehrm.com/index.php/38%29%20How%20to%20increase%20PHP%20and%20MYSQL%20performance%20parameters%3F)

7. Unable to click on buttons in the OrangeHRM application

The error is encountered when JavaScript and other active scripting components are disabled in your Browser.

Please visit <http://enable-javascript.com/> to enable JavaScript in your browser.
